FORMATION

- **Université Grenoble Alpes, ENSIMAG, Grenoble INP** Sep 2025 - July 2026
Master in Cybersecurity (CySec), Grenoble, France
- **Université Grenoble Alpes** Sep 2024 - Aug. 2025
Master in Informatics at Grenoble (MoSIG), Grenoble, France
- **Universidade Federal de Ouro Preto** Jan 2019 - Aug. 2024
Bachelor of Computer Science, Ouro Preto, Minas Gerais, Brazil

RESEARCH AND INDUSTRY INTERNSHIP

- **Inria (PRIVATICS)** 03/2026 09/2026
Master Thesis Grenoble
 - Investigated the use of role-based prompts impact on the manipulation of cultural alignment of LLMs
- **Inria (PRIVATICS)** 02/2025 09/2025
Research Internship Grenoble
 - Analysis of the effectiveness of fairness mechanisms applied to models trained on synthetic data under differential privacy.
 - Design and development of an open-source benchmarking framework for the joint evaluation of fairness and privacy mechanisms.
- **Université Grenoble Alpes (Team LIG-APTIKAL)** 06/2023 07/2023
Summer Internship Grenoble
 - Applied research in autonomous robotics as part of the RobAIR project.
 - Design and implementation of ROS nodes for a patrol robot.
 - Study and implementation of navigation and exploration algorithms (APF, BFS, DFS).
- **SYDLE** 11/2021 12/2022
Software Engineering Internship
 - Software development in agile industrial environment.
 - Developed CRM, BPM and ECM solutions to the major public institution for funding innovation in Brazil (FINEP).
- **Universidade Federal de Ouro Preto (Lab. GOAL)** 01/2020 02/2021
Voluntary Bachelor Applied Research Intership Ouro Preto, Brésil
 - Analysis of the improvements achieved through the use of the Simulated Annealing heuristics and a learning automata to solve a real-world classroom assignment problem within the Institute of Exact and Biological Sciences (ICEB UFOP).
 - A 38.2% improvement compared to the model previously used by the institution.
- **Voluta Soluções Digitais** 04/2019 08/2020
Computer Science Junior Enterprise (Volunteering)
 - Involvement in the governance and organisation of a university IT student enterprise.
 - Responsibilities: strategic advice, financial and administrative management, administrative support.
 - Design and development of web solutions for local stakeholders and non-governmental organisations.

THESIS AND PUBLICATIONS

- **Where to Intervene? Benchmarking Fairness-Aware Learning on Differentially Private Synthetic Tabular Data** PoPETS 2026
Vinícius Gabriel Angelozzi V. de R., H. H. Arcolezi
- **Proposal and Development of an Event Recommendation Service for Social Media (Portuguese Bachelors Dissertation)** 2024
Vinícius Gabriel Angelozzi V. de R., Supervised by GT De Assis
